A special mention to the 6th class girls who competed; they were unsure whether they were going to run until the last minute. We are very proud of them for overcoming their nerves and for giving it a shot! A great lesson to all of us to try new things and not to let our fears get in the way!

A big shout out to Elsa in 3rd class too who, also overcame her nerves on the day to run and was delighted to finish the course. It really is taking part and having fun that matters and Elsa's commitment to doing the race, and being proud of herself for finishing it, really reflects this.

Finally, we must acknowledge the admirable team spirit shown by Eoin & Jack in 5th class towards their classmate (and Eoin's brother) Conor! Conor was leading the race and stopped short of the finish line so lost his spot to come 3rd. Eoin & Jack graciously told the official what had happened so that Conor was awarded first place and the boys subsequently came 2nd & 3rd.

We were so proud of all our students yesterday who did our school proud and gave their best efforts in each race. The team spirit, enthusiasm and camaraderie on show were exemplary and each and every student should be very proud of themselves. A big thank you to John Mac Donald, our Dublin City Sport's Officer for inviting us to part.
