

6th Class Summer Newsletter

A great year was had in 6th class. It was definitely a busy one.

The class became successful entrepreneurs, making an amazing profit of over €1400 with sales of their product Make 'n Bake.

It was quite an active year too. We won the inaugural GET Walking Cup while our class trip to Santry yielded two medals, a silver in long jump for Harry and a gold in long distance for David.

It was brilliant to be able to start paired reading activities again. This year we paired up with Lisa's Junior Infants. The class built up super relationships with their reading buddies, and even went on runs together for Active School Week.

We topped it all off with a fun-filled school tour to Tayto Park.
