

# Daniel's 2<sup>nd</sup> Class

## Summer News Letter

2nd class have had a wonderful year, full of exciting projects, art activities, trips and adventures with lots of fun collaborative learning! Some of their favourite things were learning about the ancient civilisations of The Egyptians and the inspirational leader Nelson Mandela. We paired play with their history learning and they did interactive lessons working as archaeologists exploring ancient tombs! They should be very proud of the enormous effort they put into their school work this year and how much their handwriting and spelling have improved 😊

Esmay and Ruby said, "We loved when we went back to school after lockdown and saw all our friends."

Daniel and Ben said, "Our favourite parts of 2nd class were going bog jumping in Causey Farm and having lots of fun on sports day".

**Ailbhe said, "It was interesting when we learned about money and multiplication in maths because I love maths."**

**Lara, Mimi and Molly said, "Our favourite parts of 3rd class were learning about The Egyptians and working like archaeologists! We also loved getting ice-creams!" 😊**

**Ruben, Gil and Erik said "We loved art day it was so much fun getting to try loads of different things!"**

**Lola said "Causey farm was really funny especially chasing chickens!"**
