

Summer Newsletter - Sorcha's Junior Infants

We had so much fun in Junior Infants. We made new friends, began reading and writing, have learned about dinosaurs, space, animals and nature, the arctic and more! We planted peas which we will taste next week. We love art and making things, science and listening to stories. We have learned how to speak Irish and enjoy using our Irish throughout the day. If you came to our classroom in June you might be able to buy an ice cream in our ice cream shop or go for a swim in our water area (only joking!). Take a look at our SeeSaw for a year's worth of updates!

Maths Games

Art Day

Art Day

Block Play

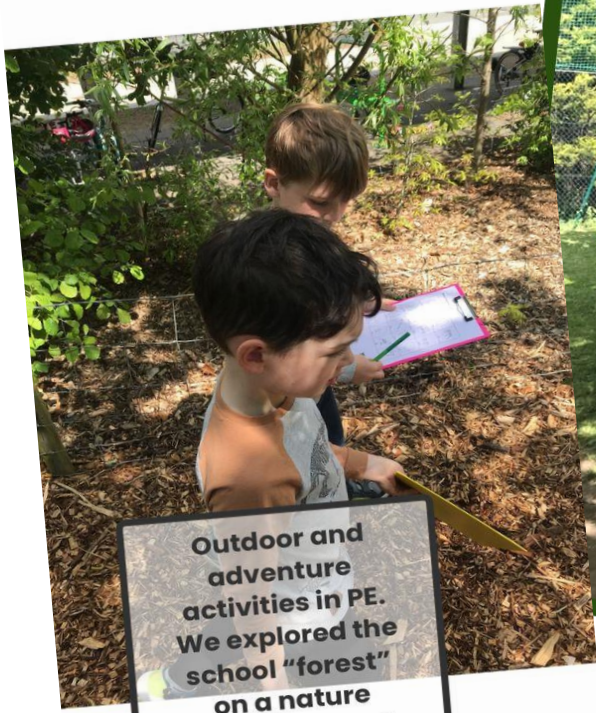

Ice cream Parlour

Each child has planted a subflower and we are excited to watch them grow! Children will be bringing the seedlings home and we have extra to plant out in school.

Our School Tour to the Farm

Outdoor and adventure activities in PE. We explored the school "forest" on a nature scavenger hunt.
