

GUIDANCE FOR MOTORISTS

Car/Pedestrian Safety

Areas where there are cars pose significant risks, and those most at risk are children. For this reason, each parent, pupil and staff member has an individual responsibility to foster good will by acting with consideration to others, both car users and pedestrians. This means behaving in a safe manner and being courteous to those around you.

Please support your school by adhering to the following safety guidelines:

- Leave sufficient time for your journey to school, include a little extra time for an unforeseen eventuality.
- Deliver children to school at least 5 minutes prior to school start time.

Choose One of Two Options:

Option 1 – drop your child at pedestrian gate

- Walk, cycle, scoot, park 'n' stride, etc., to school.
- The pedestrian gate opens at 8.40am
NB: Parents are responsible for their children until 8.40am.
- Junior & Senior Infant Parent can escort their child(ren) to their classroom door.
- 1st – 6th class children will continue to the bike shed/classroom.

Parents of children with parking permits can park in Turquoise Zone. Staff parking in Blue Zone.

Option 2 – drop child off inside school grounds; use set-down area (red)

- Always give way to pedestrians at the entrance.
- Limit your speed to 5kmph within the school grounds.
- Use the set-down parking areas, always ensuring you pull into the left, so that children exit the vehicle onto the safety of the footpath. Do not allow children to exit on the right-hand-side of the vehicle, forcing them to emerge into the road carriageway.
- Demand for the set down area is high, *therefore please move on without delay to free up the space for the next parent.*
- Use the roundabout: No reversing or U-turning please. All vehicles have blind spots, which can easily mask the presence of small children.
- If there is no room to pull in fully to the set-down area, please wait until a space becomes free.

Home Time

- ALC Taxi collection space no. 17 and 18 in staff carpark.
- Junior and Senior Infant class children are collected from classroom door.
- 1st – 2nd class children are collected from designated area.
- 3rd – 6th class children are escorted by teacher to bike shed/school pedestrian gate

ALC Transport vehicles park in space no. 17 and 18 in Staff Car Park. THANK You
