

# 6<sup>th</sup> Class Highlights

This year was filled with so many amazing experiences and memories. We had so many sporting events and achievements including our GAA team. The boy's team made it to the quarter-finals of the cup and the girls also did well.

We also went on many excursions including a wonderful trip to the national art gallery and many trips to Albert College Park.

When the weather started to clear up, we began to do much more fun things. We had a very successful football team the boys got to the semi-finals of the cup and the girls only lost one game!

Our school participated in the Cross Country running event and we came back with many awards.

In May, we competed in a sporting event in UCD. We won a few medals and had many supporters cheering us on.

We had lots of fun on sports day, we helped complete the whole school project, and we made our own class artwork on art day.

We went to Flynn Park on our school tour, we zip lined and played on an obstacle course on a lake. On the way home we stopped in McDonalds!

We helped out on the junior schools sports day and we enjoyed seeing the smiles on the small children's faces.

We went to the national museum of history and enjoyed having our lunch on Stephen's green.

Near the end of the year we sold our JEP products coco mugs to make money to buy our graduation hoodies.

Now we are busy preparing for our graduation on the 28<sup>th</sup> of June.
