Junior Infants have had a wonderful year, full of exciting projects, art activities, trips and adventures with lots of fun collaborative learning!

Some of their favourite things were playtime and getting to play in role as vets, doctors, shopkeepers and even archaeologists! We loved our Gaeilge lessons and learning a new language for the first time! Bíonn craic agus spraoi mór againn! We had super fun on our very first school tour, our first sports day and of course our first Art Day! ©

They should be very proud of the enormous effort they put into their school work this year and how much their phonics, reading and handwriting have developed! ①
