

5th Class Summer Newsletter

We had a really wonderful year in 5th Class and I can't believe how fast it has flown by.

Back in September, we went to the Botanic Gardens to celebrate World Tree Day and got to see their lovely art exhibit. A huge hit every year is the annual pyjama day to raise money for ????? and this year was no different. We took part in plenty of group projects throughout the year and worked collaboratively on lots of different topics including Feasts and Festivals around the world and the Famine. A major highlight of this year included our School Tour to Flynn Park in Balbriggan. We faced our fears by climbing to the top of the tower and then braved the cold lake for some obstacle course fun.

5th class have been very active this year too! They had the very special job of taking part in special PE lessons taught by trainee teachers from DCU. We took part in Athletics competitions, basketball competitions, a cycling safety course, football, hurling and soccer matches and of course completed our Marathon Kids programme!

Cycling Safety Course

Well done to everyone on

fantastic year in 5th Class!
